

Children's Dyslexia Centers, Inc.

MISSION STATEMENT

- Provide, free of charge, the highest quality multisensory reading and written language tutorial services for children with dyslexia, through a network of nationally recognized centers of excellence
- Promote and encourage education of tutorial trainees, professionals, and the public, to become resources in teaching children to read
- Advance the body of scientific knowledge of dyslexia through support of clinical research, to improve today's standards and tomorrow's care.

This mission is carried out free of charge, without regard to race, color, sex, creed, sect, or Masonic affiliation.

We're walking to raise money to help children with dyslexia learn to read and write. As many as one in five U.S. school children are living with dyslexia. Dyslexia can't be cured, but it can be overcome. The program offered at the Children's Dyslexia Centers, Inc. offers the most effective treatment of its kind in battling this disorder. No one else in the nation has a program remotely like it with one-on-one professional tutoring offered to children free of charge. We need your help.
