Welcome Sponsors, The Board of Governors is most pleased to have you participate in our ninth Annual Gala and Fundraiser. About Central New York Center: We began seventeen years ago with two children, and in 2021-2022 we have seventeen children enrolled. Each child receives individual 1:1 tutoring for an hour per session two times per week during the course of the school year. We have provided services to one hundred eighty eight children of whom thirteen have graduated. These children have worked to meet the requirements of attaining grade level skills or above. We have also trained and certified fifty seven tutors at our Center. If we are unable to raise the monies to cover operating costs, we may have to consider charging in the future. It is events like this and people like you who help provide the funds we need.
